

## REFERENCES LIST

DURATION OF WORK	PROJECT NAME	PROJECT
2015	LOTOS Petrobaltic Platform	Verification of electrical equipment on electric crane, replacement of power contactors and parking heater for cranes hydraulics
2015	Innovation	Verification of connecting drawing with actual status, corrections of drawings for various systems
2015	Coral Lacerna	Extension of switchboard and shore connection
2015	Ocean Platinum	Service and repair work
2015	Ceona Amazon	Connection of switchboard for different systems
2015	B-101/1 Cable layer	Complete installation of cable trays, cable pulling, connecting switchboards together with coordination of drawing for group 6
2015	PETROJARL-1 (DAMEN Shipyard Rotterdam)	Verification of oil processing plant, thrusters and drive motors systems. Disconnection of above mentioned systems together with removal of cables for renovation of equipment. Preparation of documentation for connections of equipment after service. Verification of existing cables.
2015	Project 731 Seven Rio	New electrical installation for fire detection, monitoring, lightning systems. Cable pulling, connection of main and emergency switchboards, pulpits
2015	Seafox 4	Removal of old cables, installation of new cable trays Cable pulling, installation of fire detection, lightning, monitoring systems Connection of main, emergency switchboards, engines and pulpits
2014	VIKING 546	Installation of cable trays together with closing of penetrations, cable pulling and connecting of main switchboard, drives and whole lightning and fire detection systems
2014	ANTWERPEN	Construction of two conveyor systems and modification of offloading system
2014	Infectious Hospital in Gdansk	Exchange of APU switch, repair of emergency power supply
2014	Nordanvik	Repair of electric drives and revision of main switchboard
2014	MV VOGÉ FANTASY	Service check of five LIEBHERR cranes
2014	BALDVIN	Extension of ship, installation of muff's, installation of lightning on extended part of the ship prefabrication, installation of bilge pump and ventilation switchboards
2013	Ulstein ET-105 EDT JANE	Implementation of new electrical installation on accommodation area and ROV hangar for small underwater robots.
2013	PSV 850/1, PSV 850/2	Prefabrication and installation of cable trays, penetrations, foundations for switchboards and various mounting plates for electrical equipment. Cable pulling, closing of penetrations, connections and starting of electrical equipment ABS Classification for the owner

## REFERENCES LIST

DURATION OF WORK	PROJECT NAME	PROJECT
2013	VIDAR	Perform all locksmith and electric work e.g.: cable installation, reinforcement of the electrical package, units sentence.
2013	HGO InfraSea Solutions	Perform all locksmith and electric work e.g.: cable installation, reinforcement of the electrical package, units sentence.
2013	SMT Warsaw	Design, installation and start unloading system
2013	Drawbridge in Elblag	Design, installation and commissioning of automation control system
2012	ORP Gniezno	Design and commissioning of various cable systems during the renovation
2012	Przegalina bridge	Construction and commissioning of automation control system with turnpike/tollgate and a road signaling on PLC
2012	SMT ENVIK	Rebuilding unloading cement system with using PLC
2012	AMW	Construction of the main and backup switchboard, battery power block, the assembly of cable trays, cable installation, installation and running of fittings and accessories.
2012	Metro Amsterdam	Replacement of existing electrical installations including fire alarm system and monitoring.
2012	Global Tech	Installation of cable trays and the entire electrical system of low and medium voltage to the newly built platform.
2012	Gryphon	Replacement of existing electrical installations including fire alarm system and monitoring.
2012	Scarabeo	Replacement of existing electrical installations including fire alarm system and monitoring.
2012	Coentunnel	Installation of a new electrical system in the newly built tunnel.
2011	Amsterdam Schepwart Museum	Renovation of electrical installation
2011	SKS 116, 120	Complete electrical outfit installation
2011	Trawler 415, 417	Installation of cable access and cable circuits, fabrication and installation of external barriers
2011	M/S Trinto	Complete electrical outfit installation, main Electrical board with PMS system
2011	NB 142	Complete electrical outfit installation
2011	P1011	Complete electrical outfit installation
2011	Bridge in Elblag	Design and implementation of automatics for bridge control
2011	Bridge in Przegalino	Design and implementation of automatics for bridge control
2011	Workshop of Croon	Performance of switch boards, control panels, junction boxes

## REFERENCES LIST

DURATION OF WORK	PROJECT NAME	PROJECT
2011	Underground Parking (Leeuwarden)	Installation of electrical equipment, monitoring system, fire detection system testing, trouble shooting
2011	GLOBAL TECH	Installation of cable trays and whole electrical installation on board of new built platform
2010	AHTS 18, 20 Seagoing tug	Complete electrical outfit installation
2010	ODRA Bulk cargo ship	Electrical renovation works (controlling of cargo cranes)
2010	KOPALNIA RYDUŁTOWY Bulk cargo ship	Electrical renovation works
2010	M/V Isoldana	Electrical renovation works
2010	M/V Tenerife Spilit	Electrical renovation works
2010	M/T KROIU KNUITSEN	Supervisory repair works diesel generator and shaft generator
2010	M/V MASCOT	Electrical renovation works after fire (engine area)
2010	GRANIT	Electrical renovation works automation system power generator
2010	KAMBR	Electrical renovation works deck crane, navigation lights
2010	SEA JACK	Complete electrical outfit installation in accommodation
2010	DANAVIC	Electrical installation modernization and renewal – fire system
2010	MINERVAL	Conveyor belts system
2010	MAŁŻ II Dreger	Electrical renovation works
2010	m/v Łęgowski Dredger	Electrical renovation works
2009	VIRTUS Tug boat	Complete electrical outfit installation
2009	M/V RICKMERS MARINE	Main generators adjustment - service works
2009	B 8184/22 Container ship	Electric works
2009	B 8168/25 Car carrier ship	Electric works
2009	MFV container ship	Metal/welding works concerning anchor/mooring devices montage
2009	AHTS 12,13. Seagoing tug	Metal works concerning prefabrication and montage of bosun warehouse outfit

## REFERENCES LIST

DURATION OF WORK	PROJECT NAME	PROJECT
2009	VIRTUS Tug boat	Complete electrical outfit installation
2008-2009	ING Wilgenplas (HOLLAND)	Electric works
2008-2009	GE Money Bank	Electric works – power supply system modernization
2008-2009	IBEEV 6, 7, 8, 9, 10	Complete electrical outfit installation
2008	KVANNOY Seiner	Electrical Works (lengthening of vessel)
2008	OLIWA HOTEL	Whole electric switchboards building
2008	HIRTA FPV B846/01	Metal works concerning prefabrication and montage of floor grating
2008	MFV container ship	Metal works concerning prefabrication and equipment montage in deck warehouses
2008	AHTS 8 Seagoing tug	Metal works concerning flour montage in thruster room
2008	DSV HOLLANDIA	Electric works
2008	Flevo Ziekenhuis (HOLLAND)	Electric works
2008	ORP KONDOR	Cooling system modernization (electrical part)
2008	GROOVE Self-propelled crane	Electrical installation modernization and renewal
2008	M/F SILUNA ACE	Complete electrical outfit installation
2008	M/F SKANIA	Existing thrusters modernization and new thruster assembly
2008	M/F WOLIN	Aft loading ramp control system modification (based on PLC controllers)
2008	M/F WOLIN	Repair works of aft cargo port (based on PLC controllers)
2007-2008	BLACKFORD DOLPHIN (HOLLAND)	Electric works
2007	M/F SIMARA ACE	Complete electrical outfit installation
2007	M/V LINET ARROW	Overhead cranes system based on DC frequency converters
2007	M/F VIRAK	Manufacturing and delivery of Main Switchboard
2007	IBEEV 5	Complete electrical outfit installation
